LED TV SERIES 5

# H5203

**AVAILABLE SCREEN SIZES:** 50" 46" 40" 32"

## Illuminate your Smart TV experience

Get connected with the Samsung H5203 TV. From a convenient Internet connection that allows you to browse the web and access apps, to the bright, beautiful LED screen, this is a TV that enhances your home-viewing experience. With Full HD 1080p, you can enjoy detail that a conventional HDTV simply cannot render. And thanks to LED technology, you can enjoy a brighter picture with rich colours for a great overall performance contained in a very energy efficient display.

### A TV with endless options

Smart TV is your gateway to access anything and watch everything. Samsung Smart TV allows you to wirelessly access the Internet, download a multitude of apps, stream movies and post on your favourite social media websites – all viewable on the big screen through our user-friendly Smart Hub interface. Samsung Smart TV is your window to the world.

### Bright colours, sharp images and a better viewing experience

More detail in the image means a more realistic picture. Samsung TVs with Full HD 1080p deliver better clarity and picture quality than standard HDTVs. From high-impact sporting events to live concerts and movies, experiencing entertainment at a higher resolution makes your TV home-viewing experience that much more captivating.

### A brighter, more colourful picture every time

LED backlight technology delivers brighter images with vibrant colour compared to traditional TVs. You'll also enjoy improved motion compensation, making those high-impact sporting events or fast-paced action movies more captivating. Plus, LED TVs use less power than traditional TVs, providing you with a more energy efficient entertainment solution for your home.
